Vivace!

The Vivace! Choral Program offers a comprehensive choral experience for students as a supplement to the musical offerings of the regular school day.

Vivace! uses a mentoring model, in which each choir is "mentored" by students from the next level in the organization.

Students receive instruction in vocal technique, theory, history, and performance. The choristers perform a wide variety of music; from the sophisticated motet to satisfyingly silly pieces. Vivace! choirs invite, inspire and entertain all.
